I am an enthusiastic, outgoing and confident student in my first year at Sheffield Hallam University studying Software Engineering. I consistently demonstrate that I can work well with my peers as well as taking leading roles when required. Hard work is something I do not shy away from and always give my utmost effort and attention to detail to any given task. My work ethic is second to none, as soon as I was old enough to wear a work uniform I took that in my stride and have been in a job ever since, this has helped me develop my excellent communication and teamwork skills.

SKILLS

- I can lead a team for a group project
- I can confidently use the software Visual Studios
- I can code in C++, C# and Visual Basic
- Hospitality
- Student Ambassador of Sir John Deans College
- Took part in the 'Debate society' in my College
- Duke of Edinburgh Bronze Award
- Represented Cheshire for athletics

EXPERIENCE

Front of House, The Treehouse Board Game Cafe – *Sheffield*

September 2019 - Present

This role includes serving food and drinks but also teaching various games from the hundreds on offer in the cafe. I also have the duty to clean the bar down at the end of the night. After a short amount of time working here my manager and shift managers all expressed how impressed they were with my performance being the youngest in the staff by 5 years.

Waitress/ Bartender, La Castia, Chorlton — *Manchester*

June - August 2019

La Castia is a busy Mexican Bar & Restaurant based in Manchester. My duties included maintaining high company and customer standards through: waitressing, tending a bar, clearing and cleaning and hostessing of customers. This lead to me gaining shifts throughout the week and even though I worked there for such a short time my manager recognized that I am easily adaptable and experienced in dealing with the public.

Cinema Host, Odeon — *Northwich*

January 2017 - June 2019

I have worked at Northwich Odeon cinema since it opened in January 2017. I was initially recruited as a 'Cinema Host' but was trained as a 'Barista' at the Costa franchise within store. My role included: retail sales, customer service, food and preparation, cleaning screens and ushering. I have also taken a leading role for children's parties and organised/performed in community events such as; open mic and charity stall management.
